SAVE CROCKER AMAZON PARK!

THE CITY WANTS TO DESTROY OUR PARK

- Chop down 100+ trees
- Fence us out, charge fees
- Replace 20 acres of real grass with plastic grass
- Create microplastic and toxic chemical pollution
- Take away our access to nature
- Evict birds, bees and butterflies
- Restrict dogs to plastic grass pens
- Install stadium lights that blare until 10pm
- Erase 80 years of WPA-era history
- Increase traffic, lose neighborhood parking
- Give the park to a single sport
